

AMERICAN SOCIETY OF SAFETY PROFESSIONALS

Heart of America Chapter

**Edition 82, Volume 5
December 17, 2020**

President's Message

December 2020

Greetings, Heart of America Chapter.

Thank you to everybody who responded in support of increasing the funding for our two student scholarships. In fact, all comments were in favor, so the Board will proceed with making a motion and voting.

An email went out calling for nominations for the Chapter and Region Safety Professional of the Year (SPY) awards. This is a prestigious award, and so many of you have worked tirelessly helping keep our essential workers safe during this pandemic. Please have all paperwork completed and returned to Tom Metzner (tmetzner@lockton.com) by Jan. 11th.

To comply with Society and Chapter bylaws, we're seeking members who would be willing to serve the Chapter as a Board Member or Committee Chair. Elections are a couple of months away, but we'll be looking for interested parties to fill our President Elect and Treasurer positions.

2020 has been a challenging year for us all, and some have been severely impacted. Hopefully we'll be able to spend some time reflecting on some of the good things that have happened this year as we welcome in 2021.

Wishing you and your family a safe and enjoyable holiday season.

Tom Metzner
HOA Chapter President

Officers List

President

Tom Metzner, CSP, ARM-P, CFPS

Vice President

Laurel Harris, CSP, ARM

Secretary

Andrew Dix, GSP, CRIS, ASHM

Treasurer

Shelly Killingsworth, CHMM, CSP

Past President

Chris Cygan, CSP

Website/Social Media

Dave Hallerud, ALCM

Member Engagement

Kristin Danner, CSP

OSHA Holiday Workplace Safety

As the nation enters a very different holiday shopping season, employers must ensure that all workers are trained to recognize and prevent job hazards, and incorporate safe work practices to prevent exposure to the coronavirus. OSHA has resources to help keep workers safe at every step along the way in getting gifts from the warehouse to your home.

ASSP Community Interest Group – Bringing ChapterWISE to the Heart of America

ASSP’s Women in Safety Excellence (WISE) is a common interest group that advances ASSP members and the safety profession through education, mentorship, networking, collaboration, research, and innovation. With over 2,000 members, WISE provides member and community support and collaborative opportunities within the profession. WISE works to bring awareness to the following industry topics:

- The need for proper fitting personal protective equipment for women in the workplace
- Workplace violence against women, which is the number one cause of fatal injuries to women in the workplace.
- To bring awareness to women in leadership roles in safety and to mentor others to help them achieve their goals

ChapterWISE

The WISE member community has a Chapter level group known as ChapterWISE to help coordinate WISE events, including networking functions, technical talks, community and student outreach and local mentoring. The Heart of America Chapter has many WISE members (both women and men), but we do not have our own established ChapterWISE group. As incoming President-Elect/Vice President, I would like to start a ChapterWISE group within our Chapter. Every safety professional has the opportunity to impact safety within their organization, including those issues that impact women directly in the workplace. If you are a member of WISE or would like to join the WISE community interest group, please help me establish a chapter level group that can continue to educate, support and to take action within the Heart of America. If you are interested in helping to establish our local ChapterWISE, please reach out to me at lharris@chubb.com

Thank you, Laurel Harris

January Virtual Presentation: Are your employees Fit for Duty? Beyond the obvious

January 22, 2021 12:00 PM to 1:00 pm CST

Speaker: Karen Kono, RN, COHN - Manager, Medical Services at Examinetics, Inc.

Most employers think of impairment by drugs or alcohol when referring to fitness for duty. Or perhaps, has that nasty ankle sprain resolved enough for my employee to return to work at full duty?

Though this is common, it is a dangerously limited way to address fitness for duty. There are many things which can negatively impact an employee's ability to work safely.

We will explore some of the less obvious factors that may be overlooked in your workplace.

- Are you prepared to deal with all potential fit for duty issues?
- Would you rather just steer clear of addressing personal issues for fear of litigation?

This thought-provoking presentation will get you thinking more broadly about this topic and help you to be prepared to address these issues proactively. Attendees will be provided with some guidance around how to respect your employee's privacy, and remain compliant with regulations, while still keeping them safe.

Cost: FREE

To attend this virtual meeting, please RSVP here: [LINK](#)

COVID-19 Links

OSHA Interim Recording Keeping Guidance: In a May 19, 2020 Enforcement Memo, OSHA provided updated interim guidance to Compliance Safety and Health Officers (CSHOs) for enforcing the OHA Record Keeping requirements of 29 CFR Part 1904 with respect to recording cases of Coronavirus Disease 2019 (COVID-19). The following is a link to the Interim Guidance.

[LINK](#)

National Safety Council Guidance regarding Safe Actions for Employee Return (SAFER): NSC created a platform for COVID-19 guidance referred to as the SAFER Collection. The task force that supports the collection of information is made up of industry experts from a diverse group of organizations including ASSP, AIHA, NIOSH- CDC, ISSA, BCSP, health professionals, nonprofits, businesses and many more. For updated information to health employers safely return to work, please follow the link below:
